

# GLR-704

## WINTER NEUTRALIZER

### DILUTION RATIO

**1 pod per mop bucket**

Larger than  
15 GAL (60 L)

**2 pods per large tanks**

### FOR USE ON:

Floors

Carpets

Washrooms

### GLR-704 WINTER NEUTRALIZER

Multi-purpose floor rinse and neutralizer ideal for removing ice-melt compound, lime deposits and hard water stains. Useful as carpet rinse, general purpose neutralizing agent and restroom cleaning.

### Directions:

Always add pod to tank or mop bucket first, then add water. For floor neutralizing, drop pod into mop bucket or tank then add warm or hot water. Agitating the pod with the water stream will improve mixing. Mop a generous solution onto floor. May need clear water rinse to remove neutralized residue. For removal of ice-melt compound, lime deposits and hard water stains, add warm or hot water. Agitating the pod with the water stream will improve mixing. Mop a generous solution onto floor. Pickup with mop or wet vacuum.
